## Sourayan Mookerjea

Associate Professor  
Department of Sociology  
University of Alberta

Sourayan Mookerjea is Director of the Intermedia Research Studio and Associate Professor in Sociology at the University of Alberta. His work addresses Commons Theory, Decolonizing Critical Theory, Intermedia Research Creation, and Development Dispossession.

*Energy and Environmental Justice* reconnects energy research with the radical, reflexive, and transformative approaches of Environmental Justice. Moving beyond the popular 'energy justice' framework both analytically and politically, this book examines how energy relates to structural issues of exploitation, racism, colonialism, extractivism, the commodification of work, and the systemic devaluing of diverse "others." The result is a new agenda for critical energy research that builds on a growing global movement of environmental justice activism and scholarship.

## J. Mijin Cha

Assistant Professor  
Environmental Studies  
University of California  
Santa Cruz

Mijin Cha's research focuses on labor/climate coalitions and just transitions. She is also a fellow at the Worker Institute, Cornell University where she works on the Labor Leading on Climate initiative. Prof. Cha is faculty in the environmental studies department at UC Santa Cruz.
