Shakespeare's *Twelfth Night* begins with a shipwreck, a violent birth onto unknown shores that separates orphaned twins on a journey to nowhere. Julia Reinhard Lupton will examine key passages that illuminate the navigation of life changes and social bodies at the heart of Shakespeare's most beautiful and sonorous romantic comedy. *Audience Q&A and a reception will follow.*

Julia Reinhard Lupton is Distinguished Professor of English at the UC Irvine and Interim Director of the UC Humanities Research Institute.

*Cosponsored by the IHC's Key Passages series and the Hester and Cedric Crowell Endowment*
